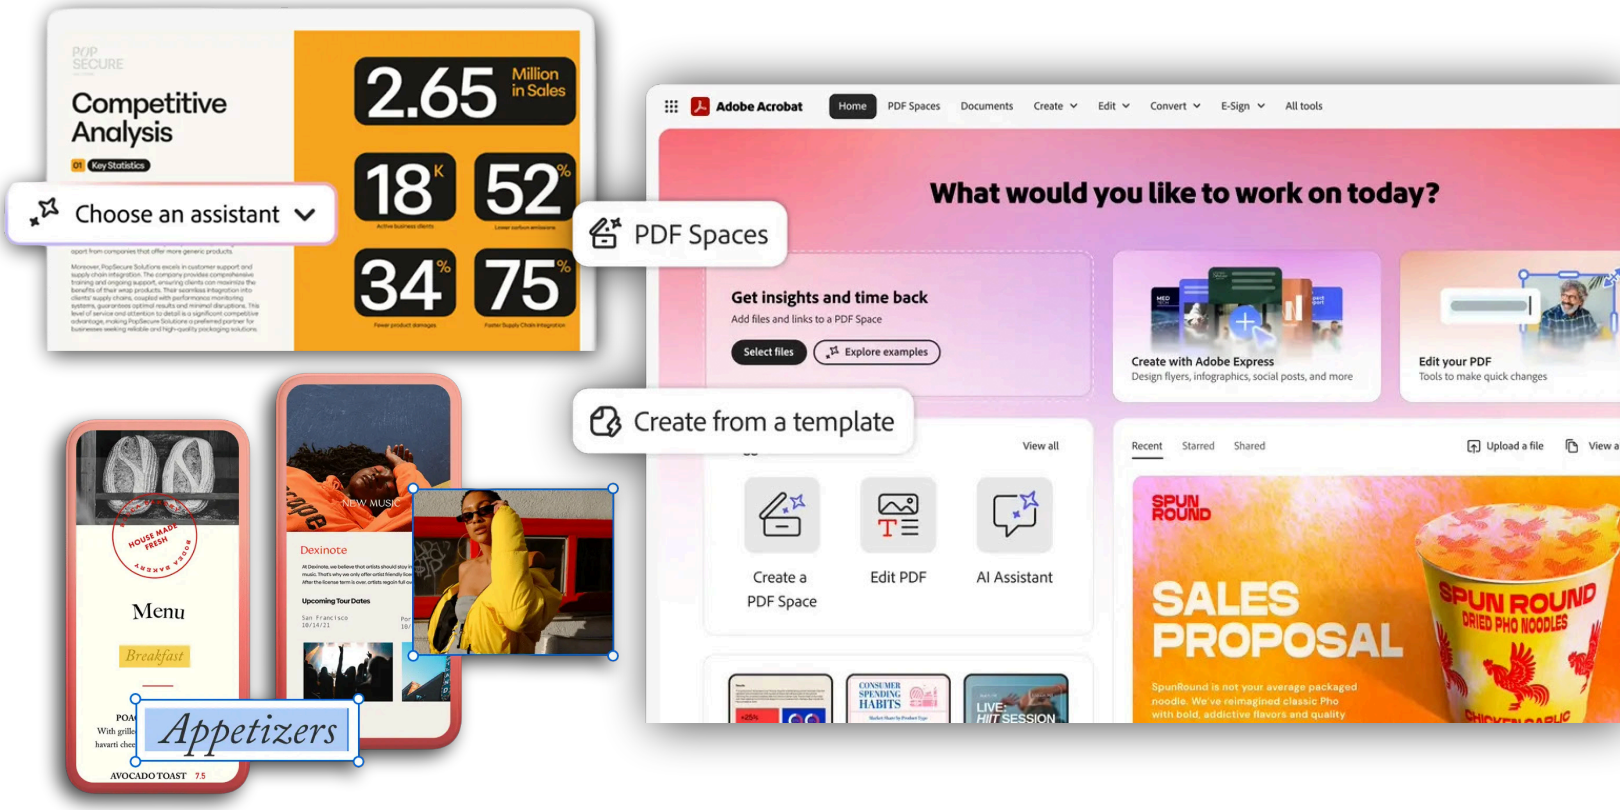
Adobe Acrobat Studio

Transform documents into insights and actions FAST!

Accelerate document comprehension, collaboration, and creation with Acrobat Studio.



What's included in Acrobat Studio.

Acrobat Studio brings together trusted PDF tools, AI-powered assistants and workspaces, and content creation tools in a secure, integrated platform.

Adobe Acrobat Pro

- **The trusted document multitasker:** Full-featured PDF tools help teams edit, organize, sign, redact, compare, and protect documents.
- **Enterprise-grade security and admin controls:** Encryption, watermarking, audit trails, sandboxed environments, and centralized admin oversight help ensure compliance, data protection, and governance at scale.

AI Assistant with PDF Spaces

- **Centralize up to 100 files in one workspace:** Organize PDFs, Word documents, slides, spreadsheets, transcripts, and web content-in a single view.
- **AI-powered insights across your documents:** Get targeted answers using specialized or custom assistants. Instantly surface key data, compare content, and summarize long documents-without opening each file.
- **Verifiable insights:** Get high-quality responses with clickable citations that go to precise spots in the source documents.
- **Collaborate in context, not over email:** Share entire Spaces with all source documents preserved in the original format, plus AI-powered insights and notes, and a context-aware AI assistant.

Adobe Express Premium

- **Make standout content with ease:** Create professional-looking presentations, reports, videos, and more using templates and millions of commercially safe stock assets-or create your own custom Generative AI assets.
- **Keep everything you create on brand:** Approved templates with locked elements and brand kits help ensure teams always have the right assets, fonts, and colors at their fingertips.
- **Speed up your content creation:** Resize content for different formats in a click. Translate text in seconds. Quickly insert or remove images.

Here are just a few examples of how Acrobat Studio can boost teams across your organization:

Sales
- Create tailored customer pitches and sales proposals.
- Quickly respond to requests for more information.

Legal
- Review and compare lengthy, complex contracts.
- Understand new regulations and update policies.

Finance
- Develop a business health report.
- Put together a budget proposal presentation.

Marketing and research
- Synthesize customer feedback for different teams.
- Develop product launch materials like blogs or videos.

Human resources
- Get instant answers from benefits guides.
- Develop training materials and employee communications.

Procurement
- Develop and share vendor onboarding guides.
- Review and update standard operating procedures (SOPs) or compliance manuals.

Organization-wide protection for documents and data.

Adobe is committed to protecting our customers' most important digital documents. We understand the security required to protect users and meet business needs. Acrobat offers a comprehensive, multilayer approach to data protection, giving enterprises controls to dial up security as needed to meet their specific business needs. Adobe Express is designed to be brand safe with brand kits, template locking, and a secure environment for creating and managing assets. AI features powered by Adobe Firefly within Adobe Express are commercially safe, as the models are trained on licensed and public domain content, helping ensure that generated content can be used in commercial projects without legal issues or watermarks.

Customer data is not used to train large language models (LLMs). All AI features in Acrobat and Adobe Express go through Adobe's responsible AI Ethics governance process and are developed and deployed in alignment with our AI Ethics principles.

ROI from AI through time savings and tool consolidation.

Organizations using Acrobat AI Assistant have seen up to 45% time savings and 415% ROI.* Acrobat Studio builds on that impact by combining AI, collaboration, and creation in one platform.

The experts in digital documents experiences.

TIME Best Inventions of 2024

Adobe Acrobat AI Assistant was named by TIME as one of the best inventions of 2024 for smarter PDFs.

Inventor of PDF

30+ years of innovating on the PDF file format and setting the gold standard in the industry.

Fast time to value

Users find AI-powered consumption and creation capabilities within Acrobat—where they are used to working with PDFs.

"We were dealing with a massive amount of content for POSSIBLE. We're talking 260 pages, 143,000 words, and more than 30 hours of audio. There's no way we could have analyzed talks, looked for patterns, and pulled out insights without Acrobat AI Assistant."

Ranganathan Sundaram, Global Head of Marketing, Ecosystem and Strategic Initiatives, TCS
